## Plane crashes, woman 'critical'

### Antioch tot killed by car

The Memorial Day weekend was a tragic one for Antioch.

A 29-year-old Chicago area woman is in critical condition after a small plane crashed at Antioch airport and Randy Trunk Jr. of Antioch, who would have been 2 years old in July, was killed by an automobile on Grass Lake Rd.

The nursing supervisor at Victory hospital in Waukegan said Vivian Lark, 29, was fighting for her life Tuesday.

SHE AND A FRIEND, Gail Nelson, were taking off at the airport when witnesses said their plane veered to the side and crashed into trees.

The Antioch Rescue Squad took them to the hospital. Miss Nelson was not as seriously injured and has been transferred to Swedish Covenant hospital.

The two young women reportedly rented the airplane in Chicago and flew to Antioch for the weekend. The crash happened Monday morning.

THE RESCUE SQUAD tried to revive 22½-month-old Randy Trunk Jr. at dusk Sunday after he was hit by the car on Grass Lake Rd. But resuscitation efforts were in vain.

Little Randy had lived in Antioch since his birth, July 14 of 1976. His parents were Randy M. Trunk and Joan Borchardt Trunk. Obituary information appears on page 23.

IT WAS AN EXTREMELY busy "holiday" for the local rescue squad volunteers. Their siren seemed to be sounding constantly during the long weekend.

On Friday, just west of Antioch on Rte. 173, a truck collided with the back of a school bus carrying 60 children from Avon School.

The rescue squad took three children and one adult to a Waukegan hospital but, luckily, there were no serious injuries.

About 60 third and fourth graders were on the Grayslake High School bus and were returning from a field trip to Fox River Park in Wilmot.

IN ANOTHER INCIDENT, a one-year-old Chicago child, visiting in Antioch township, ran onto some hot charcoal and suffered second and third degree burns on his feet.

In Trevor, Wis., on county trunk JF, a 60-year-old man was found dead alongside the road on Monday. At first Kenosha sheriff's deputies thought he might have been the victim of a hit-and-run accident, but the county coroner determined he died of a "seizure."

The sheriff's department said his name was Walter Dunay and he had been staying at the Colony House restaurant.

### 500 graduate on Sunday

A senior class of about 500 students will graduate from Antioch High School on Sunday.

Eighty-eight of the seniors will graduate as honor students. All of the graduates are listed on pages 12 and 13.

### 2 arrested with marijuana, beer in car

Two young Antioch men were arrested by police Monday, one charged with possession of marijuana and the other for speeding and "open transportation of alcohol" in an automobile.

Raymond W. Kerby Jr., 18, of Rt. 3, Box 814, has a June 14 court date in Waukegan on the charge of possessing 30 to 500 grams of marijuana.

James R. Hull, 19, of 310 Hazelwood, will appear in court in Fox Lake on June 29. He was the driver of the car in which Kerby and two other youths had open cans of beer, police said.

OFFICER ROBERT LANGE, on routine patrol, said he stopped the car in Oakwood Knolls subdivision because it was traveling 40 mph in a 25 mph zone, shortly after midnight.

Lange said he spotted an open can of beer in the car and, searching the vehicle, found more open cans.

Further investigating, Lange said he found plastic bags containing what appeared to be marijuana.

Hull and Kerby were taken to the police station in the squad car.

Lt. Tom Fisher came to the police department and said

BECOMING MORE ATTRACTIVE with every passing week is the Antioch bicentennial sawmill. The fence around the pond and lighting which enhances the scene at night are just two of the recent improvements. Community volunteers turned out again last weekend to help village officials Dick Stroner and Walt Shepard prepare the mill for its July 2 dedication ceremonies.

Kerby admitted that the marijuana was his. He was taken to the Lake County jail for a bond hearing.

Hull posted his driver's license as bond and was released.

## Treasury Bill interest rates now available at State Bank of Antioch

Starting June 1st at State Bank of Antioch, you'll be able to get a special six-month Certificate of Deposit that pays you Treasury Bill interest rates on your savings. For example on May 15, 1978, this rate was set at 7.014 percent.

This is possible because of a new Federal regulation. You get the average auction yield for six-month Treasury Bills. And the rate, as set on Mondays and available on Thursdays, is guaranteed for the term of your certificate. These T-Rate CDs are available in amounts of \$10,000 or more and are also available to businesses. Federal law and regulation require that money withdrawn before maturity earns the regular passbook savings rate, less three months' interest.

No surcharge, no fees, no blind decisions. With State Bank of Antioch T-Rate CDs you don't have to worry about paying a surcharge or fees or extra costs, because there aren't any. And you'll always know the exact interest rate you'll earn on your savings before you invest.

## At least she didn't make a right turn

By JERRY PFARR

Wasn't that just like a woman?  
After Janet Guthrie, the first female to race in the Indianapolis "500," finished ninth Monday she revealed that she steered with one hand. The other one was broken. So she whipped around that dangerous track one-handed at speeds up to 190 miles an hour. When winner Al Unser heard this he said: "She didn't belong on the track. She's being a menace to other drivers."  
Ms. Guthrie also was fined twice for throwing plastic bottles from her car into another crew's pit. A litterbug, yet!

OH WELL, WHY SHOULDN'T women be allowed to race against men? They back out of driveways faster. You probably saw the photo in the newspapers recently... one lady came home, crashed through the garage and plunged her husband's car into the family swimming pool.

THIS CALLS ATTENTION to the fact that Illinois legislators will be deciding soon whether or not to ratify the Equal Rights Amendment (ERA).

Thirty-five of our 50 states have ratified the amendment to the Constitution but three more are needed by the deadline next March.

The wording is simple:  
"Equality of rights under the law shall not be denied nor abridged by the United States or by any State on account of sex."

FEMINIST GROUPS, such as the National Organiza-

## the Pfarr Corner

tion for Women (NOW), are "fighting mad."  
They are working to have "unfriendly legislators" defeated at the polls in November, and they have 119 other organizations boycotting states that haven't ratified the ERA. This has taken away millions of tourist and convention dollars from such major cities as Chicago, Atlanta, Miami, Las Vegas and New Orleans. That isn't quite fair, because it hurts innocent people who aren't directly involved in the debate.  
Women and Democrats, outside of the South, tend to be pro-ERA.

THE REASON SO MANY Southern states haven't ratified the amendment was summed up, perhaps, by actress Joanne Woodward.

"I'm Southern," she said, "and Southern ladies are not rude."

The ERA is an enormously misunderstood issue. Those against it say it would require women to be drafted and go into combat, and would affect laws limiting the amount of weight a female worker can lift.

They also say it may force men and women to use the same public restrooms.

Erma Bombeck, the humorist, pointed out that there is a unisex bathroom in every household in America.

AFTER SUNDAY'S Indianapolis "500" a sportscaster interviewed Johnny Parsons while the driver was taking a shower. If we have the ERA will he be able to interview Janet Guthrie under the same circumstances?

What we can't understand is why women want to be equal when they already are superior in so many ways.

ALLENDALE TRUSTEE HONORED - Retired Lake County Judge Minard E. Hulse (left), Waukegan, has been named by the Child Care Association of Illinois as its "Friend of Children" for 1978. The presentation was made by association president Phillip Drotning, Lake Forest (center), and president-elect Howard Gom-

biner, Berwyn. The award is given annually to a person "who has demonstrated outstanding concern for the welfare of children in Illinois." Judge Hulse is a member of the board of trustees of the Allendale School in Lake Villa. He has received 17 previous awards for youth-related activities and the new Lake County Youth home was named in his honor.

The safe was blown open with nitro-glycerine which completely forced open the door, after two holes had been drilled therein. The burglars secured \$40 in money and a gold watch.

# Graduating seniors to miss Antioch High, and vice versa

By SUE NASENBENY

As graduation time nears, high school seniors are busy with last-minute papers and tests, college or working arrangements, or schemes for a last-bash senior class party.

Members of Antioch High School's "Class of '78" admitted they had mixed feelings about the commencement activities — they were glad to be finished with schoolwork, but reluctant to be leaving all the friends, good times and memories behind.

EIGHT STUDENTS FROM the graduating class, four girls and four guys representing various aspects of the school, were asked to reflect on the past four years, the contributions their class made to the school, and general suggestions for improving things in the future.

They commented on topics ranging from school spirit to the quality of education to the administration and added a few words on the ever-present topic of boy-girl relations.

The eight included Chris Ano, David Brooke, Dennis Korjenek, Bob Glover, Margaret Besette, Debbie Layton, Cathy Aschbacher and Julie Barr.

WHEN ASKED ABOUT the school's spirit, enthusiasm for attending sports programs and activities, they agreed that the rest of the school will miss the senior class's zeal and leadership.

Chris Ano, a track and field high jump star, and the one voted by his class as the "Most Rowdy Senior Boy," said the school has "definitely lost spirit" over the past four years.

He said he remembers when he was a freshman and the stands would be packed and students would be psyched for a pep assembly, screaming, yelling, chanting and cheering behind the team, but now "kids have a lack of interest."

"I think some of the kids are too wrapped up in themselves. I know they should have some self-pride, but it seems that they don't care about others," Ano added.

DENNIS KORJENEK, A TENNIS standout and nominated for "Outstanding Senior Boy," agreed with Ano. "Spirit has definitely gone down every year. Kids have no respect for the teams and they don't care if the athletic teams do well."

"I remember during Spirit Week my freshman year, the pep assembly nearly took down the gym," he said, adding that this year's assemblies could not begin to compare to the earlier ones.

Dave Brooke, a member of the band and voted "Most

Musical Senior Boy" added, "I've got to admit, we had a good class. We won the (Homecoming) float competition nearly every year and we've always shown spirit for athletics."

"But now I see the students moving away from school spirit and more toward the individual, being wrapped up in themselves," Brooke added.

DEBBIE LAYTON, a football and basketball cheerleader, said the overall school spirit has gone down since her freshman year, but "last year it hit an all-time low. I think it's starting to work its way back up though," she added.

She said she thought the senior class, as a whole, has been more involved with student activities overall than any other class. Also, she said the senior class members have gotten along better with each other this year than any other.

"Everyone is accepting everyone else for what they are now," Debbie said.

Regarding the quality of education and the dedication of teachers, students replied that they thought Antioch was superior to other area schools in overall education but that most of the teachers were average in dedication.

MARGARET BESSETTE, student council president and girl voted "Most Likely to Succeed," participated in student exchange programs with Grayslake and Warren high schools and said she noticed that discipline was tighter at Antioch and that the education program seemed to be better developed.

Miss Layton agreed and said she visited other area high schools and that Antioch "definitely had higher standards."

Cathy Aschbacher, a basketball and volleyball player, said she thought "other schools look up to Antioch."

Teachers, however, did not all rank in the "extremely dedicated" category.

Julie Barr, a member of the student executive board governing council said she thought no matter at what level (freshman, sophomore, etc.) students were taught, "maybe four or five teachers are dedicated and the rest really don't care."

Miss Besette said she did not think the majority did not care, but rather that most were in the middle, neither very dedicated nor there just for the paycheck, but somewhere in-between.

BOB GLOVER, YEARBOOK EDITOR and past newspaper editor, said the reason for the success of both publications this year was due in part to the students behind it and the teachers involved, Joyce

Girls from the senior class who reflected on the past four years at school included, bottom left, Margaret Besette and Debbie Layton; top left, Julie Barr and Cathy Aschbacher.

Heneberry and Mike Gordy.

Ano said his instructors in the area vocational and building trades program helped him learn "probably as much as one-fourth of a journeyman carpenter."

He said he plans to work in the trade field if he does not get a track and field scholarship and that his work in building a house through classwork will enable him to be better qualified in the working world.

Korjenek said he thought the overall quality of education at Antioch was "pretty good" but that some areas should be expanded, such as the senior math program. He said the math department was not very broad and that students really had no choice in selecting courses for their last year of math.

ONE ASPECT OF SCHOOL that can not be overlooked, the ever-present social scene, drew different comments from the guys and the girls.

The boys said they thought most of the girls "have gotten better" over the years and have matured from their giggly-stage when they were freshmen.

They said they can remember the hard times when they were freshmen and the girls would be easily swayed when an upper-classman dangled his car keys in front of them. Now that they have cars too, they pointed out that more girls pay attention to them.

THE GIRLS SAID THEY think the guys have "definitely gotten better. They've matured. I don't think they could have gotten worse," they laughed.

They said they thought the boys' sophomore year was their worse, when they were in a transition stage from freshmen to upperclassmen. "They're still kind of immature, but they've generally caught up to girls in maturity," they agreed.

Some said they are going to college next year for further studying. Miss Barr plans to go to Monmouth College to study psychology, Miss Aschbacher to either Loyola or the University of Arizona to study international business, Miss Layton to the College of Lake County (CLC) for business courses, Miss Besette to the University of Illinois to study economics on a pre-law program, Glover to Eastern Illinois University (EIU) also to study journalism or pre-law, and Ano to any college that will give him a track scholarship.

But all agreed they are going to miss high school, especially the senior class which has gotten much closer over the years.

Ano said he would go to high school "another year of two instantly. I really had fun." Brooke said he would hate to leave his friends. Miss Aschbacher said she would miss school and that going to school in another state is "sort of scary. I wonder if I will meet nice people or not."

Korjenek added, "As much as you complain about school, when you really think about it, there's no where else you'd rather be. I'm going to dread working over the summer."

## Digging For Roots

Like most Americans, you have two heritages, your own here in the United States and your ancestors' in some foreign land.

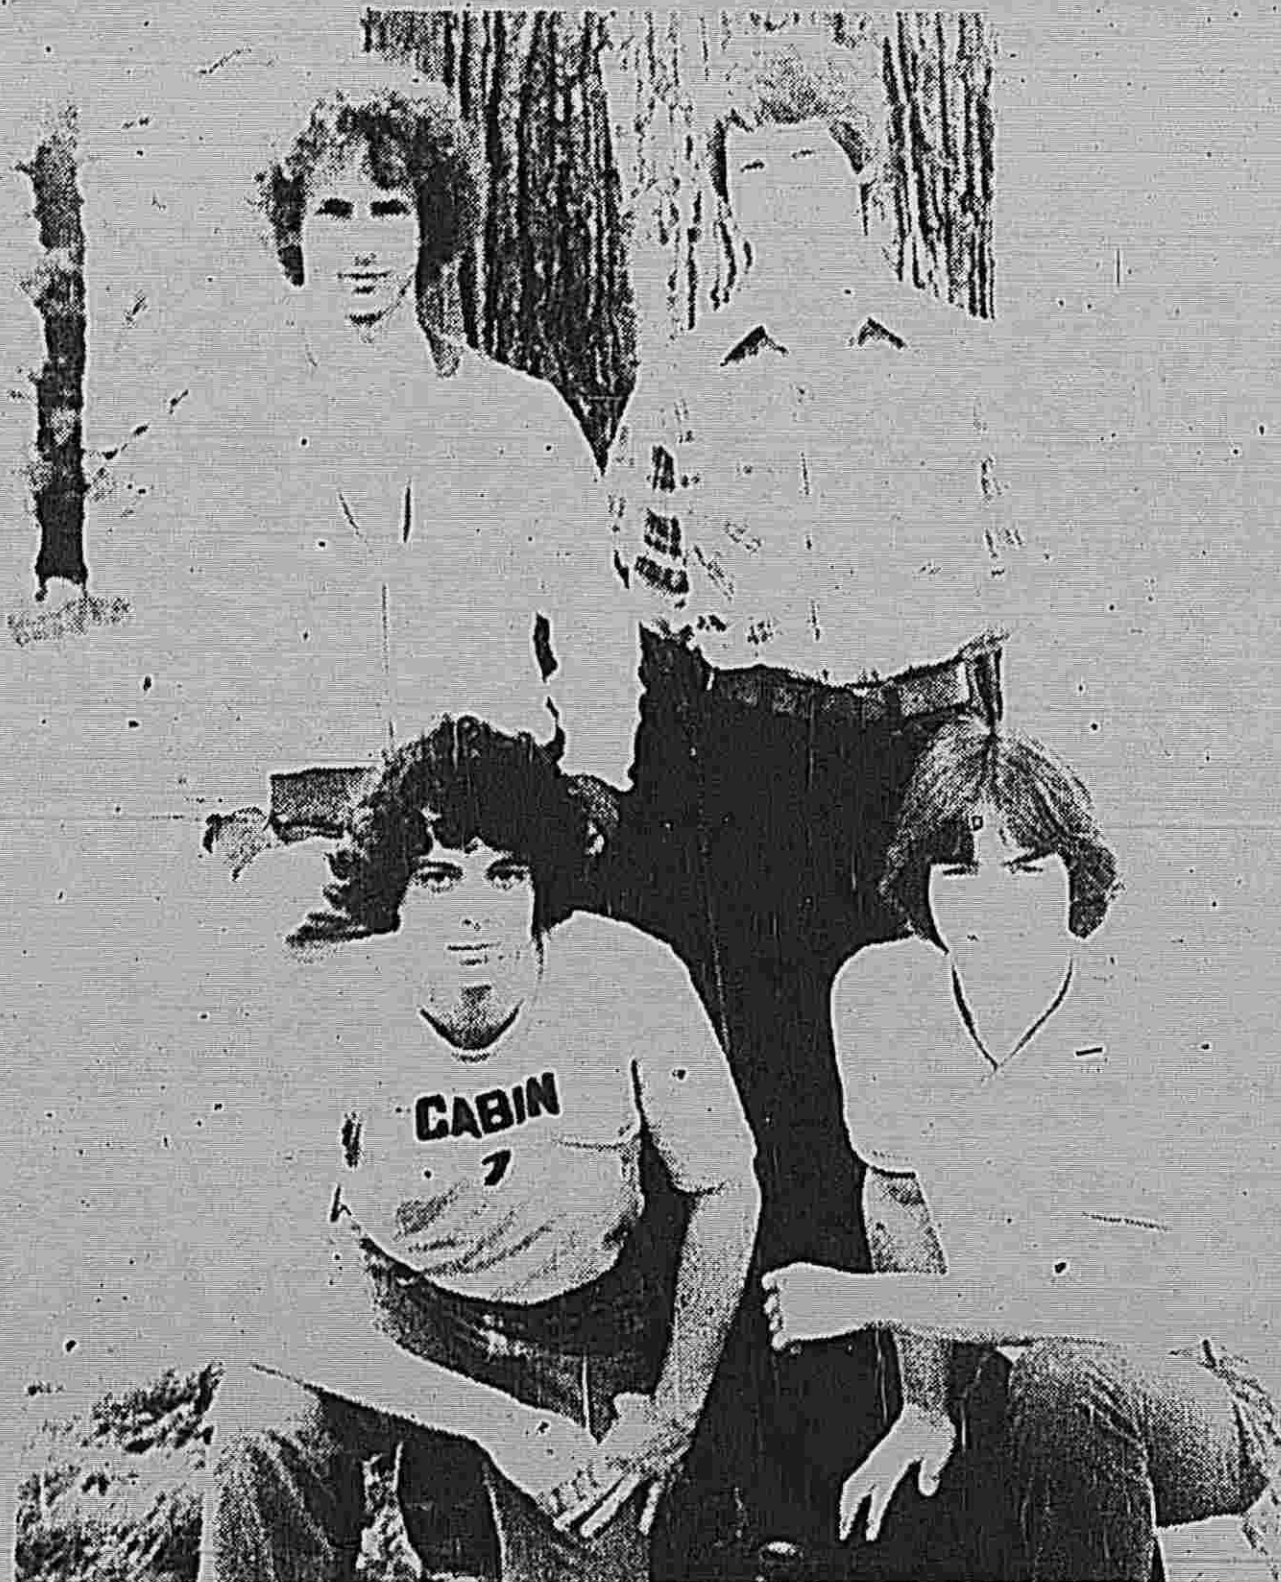

If you'd like to know more about your other heritage, there are some things you can do to get to the root of your family tree.

- Try the Library of Congress in Washington, D.C. It has records of every copyrighted genealogy table in the United States.

- The National Archives or local National Archive depositories, located all over the country can supply you with census figures, genealogy tables, etc.

- For a real feeling of your past, visit your country of origin. You can check the records in your family community, or just walk the streets and rediscover the sights and places your forefathers knew. Pan Am, an authority on heritage travel has a free booklet with lots of useful information. Entitled *Pan Am Invites You To Claim Your Heritage*, it is available through your travel agent or by writing to Pan Am Heritage, P.O. Box 200, Brooklyn, N.Y. 11232.

## Invisible rabbit is PM&L 'star'

"Harvey" Mary Chase's Pulitzer Prize-winning play, will open Saturday night at the PM&L Theater, 877 Main St. in Antioch.

Four later performances are scheduled for Friday and Saturday nights, June 9, 10, 16 and 17. Curtain time for all shows is 8:30 p.m.

The play enjoyed a remarkably successful run on Broadway and endeared its central character, an invisible giant white rabbit, to thousands of theater-goers.

If it were not for the fact that Veta Louise Simmons (played by Yvonne Dyer in the PM&L production) sometimes sees Harvey herself, her brother, Elwood P. Dowd (Tom Hausman); would probably be the only person ever to see the giant pooka.

The PM&L show is directed by Don Beveroth, a veteran director and actor long familiar to Antioch audiences.

Others in the cast are Dena Fabry as Myrtle Mae Simmons; Robin Macier, Miss Johnson; Lillian Allen, Mrs. Ethel Chauvenet; Pam "Nursie" Guardi, as Ruth Kelly, R.N.; Larry Bersie, as Duane Wilson; two psychiatrists, Dr. William B. Chumley and Dr. Lyman Sanderson, played by Frank Greenwood and Dick Dyer; Irene Hahn as Betty Chumley; George Blanksten, Judge Omar Gaffney; and Bill Seemann as E. J. Lofgren, a cab driver.

"This assortment of variously zany characters provides mainly good company for Harvey, who is himself new to the Antioch stage," said Beveroth.

"Harvey" has been a popular comedy wherever it has been produced.

"To make certain that full houses do not deprive you of your opportunity to see this play, be sure to call 395-3055 to make your reservations," Beveroth said.

REHEARSING FOR "HARVEY," which opens at the PM&L Theatre in Antioch Saturday night, are Irene Hahn, as Betty Chumley, and Tom Hausman, who plays the part of Elwood P. Dowd.

## County Fair queen contest being planned

Girls interested in becoming the 1978 Lake County Fair Queen are being encouraged to apply early at the Lake County Farm Bureau Office in Grayslake or by calling 223-6506 to have an entry form mailed.

Qualifications for contestants include: resident of Lake County, single, age 16-20, must provide snapshot (which becomes property of the Lake County Fair) and return entry form to the Lake County Farm Bureau on or before July 5.

The format for this year's contest has changed, fair officials said. All contest activities will be conducted at the Renwood Country Club in Round Lake Beach.

The contest will open at 6 p.m. Monday, July 10, at Renwood and all qualified contestants will be invited to attend. The 15 semifinalists will then be invited to participate in the evening gown and swimsuit competition at 6 p.m. on July 17.

Seven finalists will be selected and six will serve as the queen's court.

The queen and the first and second runnersup will be announced at the annual fair dinner to be served on July 24 at the fairgrounds.

Miss Lake County Fair will receive a \$500 scholarship, a watch, charm bracelet, trophy, roses, and the right to compete for the title of Miss Illinois State Fair in Springfield.

First and second runnersup and finalists will also receive prizes. All contestants will be given a season pass, compliments of the fair.

Tara Scalzitti of Antioch was the fair queen in 1973. Last year's queen was Ronda Kay Pierson of Zion.

## Class of '38 plans reunion

The Antioch High School graduating class of 1938 is planning its 40-year reunion soon and is inviting all persons who attended the school from the years 1935 to 1941 "or thereabouts."

Betty Lu Williams, a member of the committee, said the event will be held Saturday, July 8, at Andre's Steak House in Richmond.

Reservations and a check for \$9.25 per person should be sent to Virginia Magiera of 265 Ida Ave., Antioch.

"THIS IS THE TIME to renew old friendships and catch up on what everyone is doing, so come join us for a night of fun, fellowship and good food," Betty Lu said.

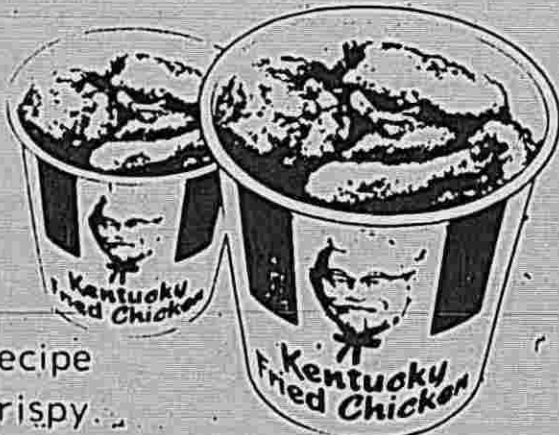

"Please get your reservations in now as your committee needs to know about how many are coming. Pass the word along," she added.

"We have some coming from California, Florida and Indiana and they aren't all just in the class of 1938. Got you guessing? Good," she said.

The schedule for July 8:

Social hour, 6:30 - 7:30; dinner 7:30. The committee includes Virginia Magiera, Helen Zeien, Andrew Penemma, George Hawkins, Charles Hawkins and Betty Lu Williams.

Service Is Best And Cars Cost Less

- When is it safe to use a cord-connected radio in the bathroom?
  - Never
  - When a receptacle is available
  - If the home has 3-wire circuits
- A vacuum cleaner may be used on wet surfaces if:
  - It is an indoor surface
  - The vacuum cleaner is designated as a "wet pick-up cleaner"
  - The surface is only damp, and there is no standing water

### ANSWERS

1. A. Many people are electrocuted each year because a cord-connected radio is used in the bathroom. If you enjoy playing another room - and turn on the vacuum cleaner is so designated, it could present a shock hazard when used in damp areas. Check the instruction folder provided as a public safety service by Underwriters Laboratories.

2. B. Unless a vacuum cleaner is designated as a "wet pick-up cleaner" it could present a shock hazard when used in damp areas. Check the instruction folder provided as a public safety service by Underwriters Laboratories.

## Along the way with ANNIE MAE

ANTIOCH HAD A VERY nice Memorial Day parade on Monday. Main Street was lined with people on a beautiful, sunny morning.

Honoring our town's war dead were marchers ranging in age from Brownie troops to senior citizen veterans of foreign wars. Also in the parade were antique autos from the 1920's and brand new cars from our community's dealerships.

Really snappy were the Sequoit Marching Band from Antioch High School and the local grade school musicians.

RITA and JOHN STECHER of Antioch have another little boy. Joseph Ryan Stecher was born May 13, weighing in at 9 lb. 4 oz. He has two "big brothers," Robert and Jeffrey.

CAN'T UNDERSTAND WHY Shirley Gutowski never gets older. We know that yesterday, May 30, was her birthday but Shirley seems to keep getting younger. Maybe I'm just getting older.

Jessica Haley will be 2 years old on Thursday, June 1. Her parents are Clem and Jan Haley.

Bill and Janet Brook celebrated their wedding anniversary on Tuesday and on Friday, June 2, Dr. and Mrs. W.C. Petty will be celebrating.

Before we go to press again, Phyllis Bucar will be having a birthday next Tuesday, June 6. Have a happy one, Phyllis!

THERE'S A MAN WITH a conscience out there somewhere.

Bill Georgeson, owner of the World Famous Village Pub on Antioch's Main Street, received a \$20 bill in the mail along with the following unsigned letter:

"Gentlemen: I am sending you this money for a check that I didn't pay. After I sobered up I realized that I had not paid for the pizza and beer. This should cover the check -- one large onion pizza, one pub basket, five or six bottles of Michelob."

WE ENJOYED LISTENING to the Indianapolis "500" over WKRS-radio Sunday ... and we can thank Thelen's Sand and Gravel of Antioch, and Herb's Used Auto Parts of Lake Villa, for sponsoring the broadcast.

PAUL AND DORTHA CHASE have sold their house on Spafford St. and will be moving to Salt Lake City, Utah. Dortha is a native of Antioch and Paul was born in Waukegan. Both have been active in their churches and other organizations. Dortha is the oldest member of the Antioch Methodist Church.

Paul built the first service station in Channel Lake which is now being operated by his son, Tom, and grandson, Paul.

They will miss their friends but the dry climate and members of the family in Utah have appeal, Dortha said.

A LOT OF ANTIOCH Upper Grade School students were seen on television when Channel 7 news of Chicago came here to do a special on the annual auction for 7th and 8th graders.

The camera seemed to spend several minutes focusing in on faces of the youngsters ... maybe you saw your own child. Also interviewed were teacher Maureen Musgrove and school board president Gail Heath.

The students accumulate money during the school year as rewards for good behavior and participating in special projects. It's a lesson in economics. They then use the money to buy items at the auction.

# Antioch Open scheduled for Sept. 10-17

The third annual Antioch Open golf championship will be held on two Sundays, Sept. 10 and 17, at Spring Valley Country Club in Salem.

Spring Valley's owner, John Wagner, said golfers will start teeing off at 11 a.m. on both days. It is a 36-hole tournament.

The event again is being sponsored by the Antioch News.

THE FIRST ANTIOCH OPEN was held in 1976 at Antioch Country Club. In the championship flight John Roach placed first, Rich Higgins second and Andy Anderson third. Roach had rounds of 72 and 77 for a 149 total.

In Class A, for golfers who normally shoot in the 80s, Charlie Anderson and Vern Thelen tied for first with 36-hole totals of 163. Anderson won the playoff for the title. Dean Schultz placed third, two strokes behind.

In Class B, for golfers who usually shoot in the 90s, Bill Effinger and Bill Nauman tied with 36-hole scores of 172. Effinger won the playoff for first and Mike Sexton finished third.

THE SECOND ANTIOCH OPEN was played last September at Spring Valley and the championship was won by Chris Marszalek, a 23-year-old unattached pro who was living in Antioch for the summer.

Marszalek had a two-under-par 68 in the first round and then shot a 74 to finish with a total of 142. Rod Winn was

second, Nick Marucci third and Higgins fourth.

Dennis Korjenek Sr. of Lindenhurst won the Class A title with 155 on rounds of 78 and 77. Bill Collins placed second while Bob Sarver defeated Tim Osmond in a playoff for third.

Tim Haviland triumphed in Class B with a total of 170. Jon M. Lasco was second at 172 and Chuck Cermak third at 179.

ENTRY BLANKS FOR this year's tournament will be available about Aug. 1.

Last year a total of nine trophies and \$375 in gift certificates were given to the top players in the 68-man field. All proceeds are returned in the form of prizes.

The tournament has been restricted to golfers 16 years of age and over, who either live or work in the townships of Antioch, Lake Villa and Salem. Golfers can either walk the course or ride power carts.

The tournament committee last year included Pres Reckers, Rich Higgins, Jack Fields, Mike Haley, Bill Nauman and Jerry Pfarr. Also on the committee this year will be Dennis Korjenek Sr.

## Get rid of the most wasteful part of your air conditioner.

The dirt inside.

### Save with regular cleaning.

Your air conditioner does more than just cool. It cleans, too, by filtering dust and dirt out of the air. After awhile, the dirt builds up on the filter, and clogs the air flow. This makes the unit work harder. And that costs you money. Take a few minutes to get rid of that dirt and you'll hold down your operating costs.

### How to clean window-unit filters.

Check your owner's manual for specific instructions. If you don't have one, do the following. Pull the plug, and remove the front panel. Lift out the filter and vacuum it. If your filter is made of a spongelike material, wash it in warm water and detergent. Then let it dry, and put it back in place.

### How to clean central-unit filters.

Your central cooling system has a filter, too, usually in the blower section of the indoor unit. Before opening the access panel, turn off

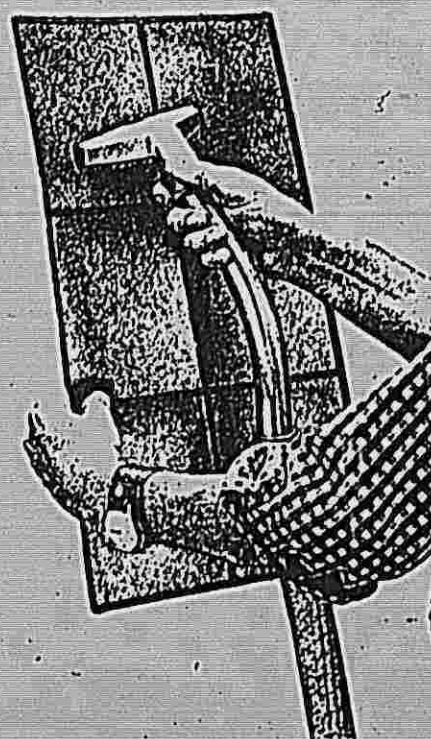

the power. If the filter is reusable, vacuum it. If it's washable, wash it. If you have a throw-away filter, or your filter is too dirty to clean, replace it with a new one of the same size and material (note arrow on side of filter indicating direction of air flow).

If your heating and cooling system has an electronic air filter, be sure to follow the cleaning and maintenance procedures recommended by the manufacturer.

### Get professional help when necessary.

Occasionally, your air conditioner's condenser coil, refrigerant charge, or motor may need attention from a qualified serviceman. Maintenance of these parts may be best left to the professional.

Remember: the less energy you waste, the more money you save. And a clean air conditioner can save you plenty.

## Collins wins 3rd feature at Waukegan

The night was warm and the racing was hot at Waukegan Speedway Saturday.

Antioch's Don Collins won his second consecutive late-model feature and third of the season in his Barracuda.

Glen Rademaker won the 12-lap hobby stock feature on his 27th birthday on May 27.

The late-model feature was led by George Fetzer when five cars collided in the second turn. Trophy dash winner Chuck Bostick and Ron Shearer were forced out of action.

Fetzer, who won a heat race, led until lap 12. Frank Dowell slowed on the backstretch bringing out the yellow flag. On the restart, Collins broke past Fetzer to take over the top spot.

**THE RACE WENT** non-stop from that point on with Collins being followed by fastest qualifier Jim Zwirdgas, Bill Bain, Mike Frost and Danny Brown.

The first heat saw a wild finish as Collins caught Bostick by using the outside groove coming out of turn four to win by inches at the finish.

Mark Beinlach of Northbrook made it "two for two"

## Andrews, Ano end prep careers

The two Antioch High School athletes who qualified for the state track and field meet failed to reach the finals last weekend at Eastern Illinois University in Charleston.

Chris Ano, who earlier in the season had set a new Antioch high jump record

of 6 feet 5 1/2 inches, cleared a respectable 6-3 in state qualifying. It took a leap of 6-7 to place in the championships.

Brian Andrews was second in the district meet in the low hurdles but placed sixth in his qualifying heat in the star-

studded state field.

Antioch seldom has track talent that can compete with the leaders in Illinois, one of the country's toughest state meets, but Ano and Andrews were among the best in Lake county throughout the short spring season here.

ANTIOCH'S ATHLETIC DIRECTOR, Ward Lear (right), poses with three most valuable players. From left: Margaret Barlow, track and field; Dave Zirkus, 1977 baseball, and Cathy Miller, softball.

## Tennis star edged out in state meet

Antioch High School tennis player Dennis Korjenek was eliminated in the state championships last week, but only after a close duel with Rich Kieczewski of Fenton.

Korjenek, who qualified

for the state tournament in Arlington Heights by winning the district singles title, won his first state match over Bruce Williams of Blue Island, 2-6, 6-1 and 6-2.

In the second round,

Kieczewski eliminated Korjenek 6-4, 4-6 and 7-5 in the tiebreaker.

**PRETTY GIRLS** can be "most valuable" athletes too these days. Honored by the Lions Club last week were these Antioch High School stars. From left: Cathy Aschbacher, for basketball; Sandy Kessler, field hockey; Jill Levoe, bowling and Dawn Krahn, gymnastics.

## Sports Happenings

THE STATE Bank of Antioch Ladies Golf League will begin its season on Tuesday, June 13, at Spring Valley Country Club.

Shirley Carlson is league president. Other new officers are Annette Lubke-man, vice president; Lorraine Hichaen, treasurer, and Eileen Zannini and Dorothy Teister, secretaries.

for trucks thus far in the "Beat Your Neighbor" competition with a 1976 Ford pickup.

Antioch's Tom Homan was second to Bostick in the trophy dash.

On Sunday, the Speedway was the scene of a third track record in as many nights run by the Interstate Racing Association (IRA) super-modifieds as heat winner Gene Erdman won the 25-lap main event in a time of 7:17. Robert Box of Waukegan won the 12-lap hobby stock feature in his first night of competition.

Erdman took the lead from Ken Perkey on lap five and went on to hold off the hard challenges of fast qualifier Gary Dye and defending champion Bob Robel for the victory. Perkey fell to fourth spot.

DARREL DODD WON a special trophy dash with Roger Schmitz and Dye picking up heat wins.

## Bicycle Safety Rodeo scheduled for June 14

Continued from page 1

total of 18 trophies will be awarded to top riders. In boys and girls competition, first, second and third place trophies will be presented in three age categories: 6 through 8, 9 through 11 and 12 through 14.

Bike riders, age 6 through 14, can register now at the State Bank or the Antioch village hall.

On the day of the rodeo, June 14, riders may register from 1 to 1:30 p.m. in the State Bank parking lot.

The first 200 participants to register will receive a set of reflectors for their bikes.

All registrants will be given bicycle safety materials provided by the office of the secretary of state.

During the rodeo competition, Antioch police department personnel will conduct bike safety checks and registration of bike serial numbers for theft prevention.

The aim of the rodeo, according to Pres Reckers, a vice-president of the State Bank, is to reach the greatest number of youngsters and their parents by giving them an opportunity to demonstrate their ability to ride safely and to gain confidence at the handlebars of the often

sophisticated equipment they are using.

"The bicycle safety program in the state of Illinois stresses awareness of individual responsibility when operating a bike any time of the day or night," he said.

Sue Koppa, director of parks and recreation for the village, is hopeful that parents will urge their children to take advantage of the rodeo to help reduce the statistical fact that over 400,000 persons, too many of them children, suffered bicycle-related injuries serious enough to require hospital emergency room treatment last year.

Henry VIII of England is said to have had a total of 2,600 tapestries hanging in his various palaces.

## High School staff gets pay increase

Tentative agreements have been reached in contract negotiations with the teachers, maintenance staff, secretaries and cafeteria staff at Antioch High School.

The president of the school board, Robert M. Lindblad, said the board approved the increases in salary totaling \$135,718, an 8.6 percent increase.

It has been reported that teachers will receive salary increases of 7.47 percent next year under a one-year contract.

The raises boost salaries for a beginning faculty member with a bachelor's degree to \$10,850, and to \$16,525 for the top position after 16 years experience. Teachers with a master's degree will earn \$12,000 starting, and \$20,700 at the maximum MA level.

THE CONTRACT ALSO eliminates mandatory retirement at age 65, providing for employment on an annual basis after that age.

The board also authorized Edward Kurek, director of curriculum and guidance, to seek state funding for a pilot program designed to provide psychological services for students who engage in alcohol or drug abuse, or who have disciplinary problems unsuccessfully resolved through other means.

A SPECIAL PRESENTATION was made to Mrs. Vivian Walsh on behalf of her late husband, James J. Walsh, who had been a member of the school board for 3 1/2 years.

Lindblad reported that the annual staff recognition social hour will be Thursday after school. Receiving 15 year awards are Don Beveroth, Margaret Harrison, Charles Lindholm, Lee Mieure, Adrian Mueller and school attorney Ted Larson.

Don Cramer is receiving the 25 year award and superintendent Warren Polley the 30 year award.

Also being recognized Thursday are Nicholas Ross, Joyce Czajkowski and Debbie Oliver who are leaving the staff.

MR. HARRY SIEBEL was hired to teach German for the 1978-79 school year.

Business manager Ken Wierschem was instructed to explore costs and other matters concerning the purchase and use of CB or FM radios in school buses.

The board approved an increase of \$2 in the general fees to cover the increased costs of textbooks, towel rental, locks and ID cards. The fee for 1978-79 will be \$28 for freshmen and new students and \$24 for all other students.

The price of lunches will remain at 55 cents for the fourth consecutive year.

## High School staff gets pay increase

Tentative agreements have been reached in contract negotiations with the teachers, maintenance staff, secretaries and cafeteria staff at Antioch High School.

The president of the school board, Robert M. Lindblad, said the board approved the increases in salary totaling \$135,718, an 8.6 percent increase.

It has been reported that teachers will receive salary increases of 7.47 percent next year under a one-year contract.

The raises boost salaries for a beginning faculty member with a bachelor's degree to \$10,850, and to \$16,525 for the top position after 16 years experience. Teachers with a master's degree will earn \$12,000 starting, and \$20,700 at the maximum MA level.

THE CONTRACT ALSO eliminates mandatory retirement at age 65, providing for employment on an annual basis after that age.

The board also authorized Edward Kurek, director of curriculum and guidance, to seek state funding for a pilot program designed to provide psychological services for students who engage in alcohol or drug abuse, or who have disciplinary problems unsuccessfully resolved through other means.

A SPECIAL PRESENTATION was made to Mrs. Vivian Walsh on behalf of her late husband, James J. Walsh, who had been a member of the school board for 3 1/2 years.

Lindblad reported that the annual staff recognition social hour will be Thursday after school. Receiving 15 year awards are Don Beveroth, Margaret Harrison, Charles Lindholm, Lee Mieure, Adrian Mueller and school attorney Ted Larson.

Don Cramer is receiving the 25 year award and superintendent Warren Polley the 30 year award.

Also being recognized Thursday are Nicholas Ross, Joyce Czajkowski and Debbie Oliver who are leaving the staff.

MR. HARRY SIEBEL was hired to teach German for the 1978-79 school year.

Business manager Ken Wierschem was instructed to explore costs and other matters concerning the purchase and use of CB or FM radios in school buses.

The board approved an increase of \$2 in the general fees to cover the increased costs of textbooks, towel rental, locks and ID cards. The fee for 1978-79 will be \$28 for freshmen and new students and \$24 for all other students.

The price of lunches will remain at 55 cents for the fourth consecutive year.
